BRIDGING PEOPLE & PRODUCTIVITY

HRMS FOR SCHOOLS

One HR system for every school and office.

Staff records, attendance, leave, payroll, recruitment and performance — run from Head Office, used on every campus.

Employees | Attendance | Leave | Payroll | AI Recruitment | Performance | Self-Service

Built for multi-campus school groups

THE PLATFORM

Everything HR, from joining day to relieving day.

Each school sees and manages its own staff. Head Office sees the whole group, approves what matters, and runs payroll once for everyone.

Employee Management

Employee master with bulk import, staff ID generation with two-level approval, QR-verified ID cards and a live org chart.

Attendance

Direct sync from eSSL and ZKTeco biometric devices, location-checked web punch, shifts with grace time, and correction requests.

Leave & On Duty

Requests climb the reporting line automatically. Balances, half days and holidays update attendance with no manual marking.

Payroll

CTC-based salary structures, PF, ESIC, PT and TDS, four-level approval and lock, bank transfer file and PDF payslips.

Recruitment with AI

Manpower requisitions, vacancies and candidates per campus, with AI that reads resumes and ranks every applicant.

Performance

KRA and KPI goals per designation, monthly check-ins, principal and HR reviews, and a 1–5 rating that guides increments.

Employee Self-Service

Every staff member gets My Space: punch in, apply for leave, download payslips, raise requests and resign online.

Certificates & Circulars

45 certificate and letter types on your letterhead, QR-verifiable, plus numbered circulars and policies staff acknowledge.

Also included: travel claims, assets, helpdesk, training, compliance, surveys, reports and a complete audit log.

AI RECRUITMENT ASSISTANT

Upload 100 resumes. Get a ranked shortlist.

The AI reads every resume, fills in the candidate profile and scores each one against the vacancy — with the reasons, not just a number. HR still makes every decision.

100-point match score

- **Strong** 80–100
- **Moderate** 60–79
- **Low** below 60

Plus **Ask AI**: “Top 10 TGT Maths candidates with CBSE experience under ₹40,000.”

PAYROLL BUILT FOR INDIA

From attendance to bank file, every month.

1	2	3	4	5
Calculate	**Validate**	**Approve**	**Pay**	**Publish**
CTC, LOP, PF, ESIC, PT, TDS	Checklist blocks errors	4 levels, then locked	Bank transfer file	PDF payslips to staff

Loans and advances recover themselves, increments apply from the right month, and 23 reports — including the EPFO ECR file — are ready when the month locks.

Approvals follow your org chart

Leave, on-duty, travel claims and resignations go to the right manager, step by step, with Head Office signing off. Everyone is notified.

Attendance without the paperwork

Biometric punches arrive on their own. Late marks, overtime and missing punches are calculated against each shift.

WHY KARYASETU

Built for everyone who keeps a school running.

Management

One dashboard for the whole group: headcount, attendance, attrition, hiring and payroll cost by campus.

Head Office HR

Approve requisitions and staff IDs, run payroll once for all schools, and issue certificates on letterhead.

Principals & school HR

Manage your own staff, attendance, leave and hiring, and review your team's performance.

Every staff member

Punch in, apply for leave, download payslips and raise requests from any phone or computer.

Secure and accountable by design

- ✓ Roles decide exactly who can see and do what, campus by campus.
- ✓ Every change is logged: who, when, old value and new.
- ✓ Bank, PAN and Aadhaar numbers are masked by default.
- ✓ Resumes and staff documents are stored privately.
